State Letter for MA's

EVPT, IFATCA Request

23 July 2013
To: IFATCA Member Associations
Dear colleagues
ICAO has distributed a State Letter proposing changes to SARPs and PANS to allow the introduction of what is known as In-Trail Procedure. In simplified terms this is a separation standard for oceanic and remote areas that is measured by the aircraft using ASDB-in equipment and reported to ATC via datalink communication to allow for level changes where a traditional procedural standard does not exist.
IFATCA's Technical Operations Committee has reviewed the proposal and has developed a response with comments on the State Letter to be returned to ICAO.
I seek your feedback on the draft response attached to this document following the ICAO State Letter. Please provide any comments to me (evpt@ifatca.org) no later than Monday the 5th of August.
Sincerely,
Duncan Auld
Executive Vice President Technical
IFATCA

SESAR Work package (WP 5.7.2 Initial (V1) Concept Development for Step 1 ? Expert Assessment meeting)

IFATCA Meeting Report
Several Use cases provided by INECO were discussed to explain why some level/speed constraints are necessary/not necessary in TMA.
Discussions why ATCOs (for the time) need those constraints, how the work of pilots in climb phase and ATCO work is like ? still need for improvement for better understanding!
For the implementation of new tools, there is still a lot to do in the technical way ? for the time (INDRA) implements the "what if"/"what else" tools, but still with radar information (and/or BADA file) not with aircraft data.

- IFATCA Meeting Report by Arno Leimlehner, President, Austrian ATC Assoc.

ICAO Global

ICAO SLEDs: Register of State Letters

The only way most controllers can respond to ICAO's proposed changes is through IFATCA's 'observer status' with ICAO. All ICAO State Letters (SLEDs) sent to IFATCA are forwarded to our Member Associations through the IWEN and our MAs can respond to the IFATCA CONTACT listed in the 'REGISTER OF STATE LETTERS' in IWEN. You, the MA, can consider the State Letters and forward your view to the IFATCA contact by the date in the 'REPLY TO/BY' date column. These views will be collated by the Executive Board and included in the preparation material for our response to ICAO, allowing us to have a broader cross-section of views from the ATC community as well as providing MAs with this unique opportunity.

NUMBER	SUBJECT	REPLY TO/BY	IFATCA REPLY
2013/61 click here	Proposals for the amendment of Annex 16, Volume I concerning Standards and Recommended Practices relating to environmental protection - Aircraft noise	EVPP by 27 September 2013	Comments to reach Montreal by 11 October 2013
2013/60 click here	Proposals for the amendment of Annex 16, Volume II concerning Standards and Recommended Practices relating to environmental protection - Aircraft engine emissions	EVPP by 27 September 2013	Comments to reach Montreal by 11 October 2013
2013/59 click here	Proposals for the amendment of Annex 6, Parts I, II and III regarding carriage requirements of flight recorders	EVPT by 20 September 2013	Comments to reach Montreal by 4 October 2013
