Information for MAs & IFATCA Reps

IFATCA's 2014 Annual Conference

The preparations for the 2014 Annual Conference of IFATCA are in full swing. A few days ago, the Organising Committee opened the online registrations - check their website www.ifatca2014.com and click on 'registrations' in the top menu.

The deadline for submitting working papers to Conference has been set to March 5th 2014, in accordance with the IFATCA Administrative Manual (i.e. 60 days before the start of the conference).

ICAO Global

ICAO SLEDs: Register of State Letters

The only way most controllers can respond to proposed changes is through IFATCA's 'observer status' with ICAO. All ICAO State Letters (SLEDs) sent to IFATCA are forwarded to our Member Associations through the IWEN and our MAs can respond to the IFATCA CONTACT listed in the 'REGISTER OF STATE LETTERS' in IWEN. You, the MA, can consider the State Letters and forward your view to the IFATCA contact by the date in the 'REPLY TO/BY' date column. These views will be collated by the Executive Board and included in the preparation material for our response to ICAO: allowing us to have a broader cross-section of views from the ATC community as well as providing MAs with this unique opportunity.

NUMBER	SUBJECT	REPLY TO/BY	IFATCA REPLY
IND/14/01 click here	Third Meeting of the Aerodromes Panel (AP/3)		Confirm acceptance of invitation by 7 February 2014
2013/85 click here	Proposal for the amendment of the Procedures for Air Navigation Services — Air Traffic Management (PANS-ATM, Doc 4444) relating to 9.3 km (5 NM) terminal separation based on RNP, PBN lateral separation and VOR/GNSS lateral separation	EVPT by 31 January 2014	Comments to reach Montreal by 14 February 2014
2013/82 click here	Seventh ICAO Walter Binaghi Air Navigation Commission Laurel Award		Nomination of candidates by 28 February 2014
2013/81 click here	Proposal for the amendment of Annex 14, Volume 1 and proposed Procedures for Air Navigation Services — Aerodromes (PANS — Aerodromes)	EVPT by 28 February 2014	Comments to reach Montreal by 14 March 2014
2013/74 click here	Access to ICAO Publications		Information
2013/68 click here	Invitation to attend the Meteorology Divisional Meeting 2014 (Montreal, 7 to 18 July 2014)		Information

Other Information

4D Trajectory Concept

The 4D trajectory concept aims to ensure flight on a practically unrestricted, optimum trajectory for as long as possible in exchange for the aircraft being obliged to meet very accurately an arrival time over a designated point.

ADS-B 101: what it is and why you should care

In an industry famous for its ridiculous acronyms, ADS-B stands out for being uniquely confusing. Everybody uses the term, but few really know what it means. And who can blame them—it's incredibly complicated. Unlike WAAS or LORAN, you can't even pronounce it!

So what is ADS-B? Why should you care about it? Can you just ignore it?

No. While ADS-B may be confusing, it's probably the most important technological change you will have to deal with as a pilot over the next two decades. So suck it up and spend some time learning the language.
